**The Swiss don't like it when others reduce their country to series of clichés like the countryside, the Alps, the mountains, chocolate, cheese, watches and banks. They like it even less if someone questions the quality of these clichés.**

**Швейцарците не харесват, когато останалите свеждат страната им до клишета като кантони, планини, шоколад, сирене, часовници и банки. Още по-малко харесват ако някой подложи на съмнение качеството на тези клишета.**
